Sir,

As you know, the IN Escort *Tokarev* was despatched to 0219 Sirnoth on 072 to check up on the status of the installation there.

There having been no word back within the agreed ten days, I request your permission to send a complete task force to Sirnoth to investigate more fully, and deal with any problems that may have arisen there.

Knowing this will receive your urgent attention as befits its' importance,

I remain

MS
